TO ALL CAMELLIA GARDENS RESIDENTS:

This Saturday and Sunday, January 5th and 6th, North Florida Asphalt will be resurfacing the parking lot. This means that there will be some inconvenience for two days but a lot better situation for the rest of the year.

In order for them to complete their work you must:

On Saturday, January 5th - Do not park North of the line drawn on the pavement (approximately past unit 101 and unit 210). That means no parking from that line to the area where the dumpster is located. This means spaces in front of units as well as visitor areas.

On Sunday, January 6th - Do not park South of the same line. That means no parking from that line to the entrance of the community. This means spaces in front of units as well as visitor areas.

North Florida Asphalt has agreed to keep a lane open in order that you will be able to get in and out of the parking lot to the allowed areas on each day. However, any vehicles not moved in the areas to be paved by 8 AM in the morning, as shown above, will be moved by a tow truck so it is imperative that your car is moved prior to 8 AM on the appropriate day above. If you cannot find a space at Camellia Gardens on Saturday you may want to consider on street parking on the side street to the East of Camellia next to the Episcopal Church.

If you have any questions about this matter, please do not hesitate to contact me at the numbers at the top of this page.

Sincerely,

Dan Isaacs
